

## Minutes of Meeting Championships Committee

**Date:** 20/07/23

**Time:** 5:30 PM to 6:30 PM

The meeting was conducted offline in UB 603.

**Member present:** 2 Organisers, 6 PCHs and 6 PCM

### Important points Discussed:

1. Ravi Bhaiya explained everyone what is Arduino the types of Arduino-
  - Nano
  - UNO
  - Mega
2. Rules and rounds for the Arduino championships were discussed-
  - The participants should be able to explain the code and the parts used in the Arduino Model.
  - Every participant in the team should be able to answer the questions asked by the judges.
  - Any sensors used apart from the ones specified will result in a disqualification or negative points.
3. The track and obstacles for the Quadcopter championships were discussed.
4. Difficulties faced during previous version of Aaruush were discussed for the events Quadcopter Championships and TurboDrift Championships-
  - In the TurboDrift Championships it had rained and the track got wet before the event and alternate measures were taken.

-In the Quadcopter Championships the participants had arrived a day early and accommodations were required to be made.

-The charging stations were not properly prepared and the participants were having trouble in recharging their Quadcopters.

-The obstacles made were too heavy to be transported to the TP ground from Bio-Tech building and were dismantles and assembled in the TP ground.

5. The PCM's were taught how to cold call and give a speech to the participants, organisers and members of fests conducted in other colleges, etc.
